

Student Acceptable Use Agreement & Permission Form

We are pleased to offer students of the Franklin County School District access to the district computer network for Internet use. To be allowed access to the Internet, all students must obtain parental permission and must sign and return the bottom of this form to their school. Students 18 years of age and older may sign their own forms. All students will be issued a login ID and password to access the Internet.

Access to the Internet will enable students to explore many libraries, websites, databases, etc. throughout the world. While it is our intent to make Internet access available to further the educational goals and objectives, the school system can not guarantee that the content is not illegal, defamatory, inaccurate or potentially offensive. The school system provides content filtering to all school computers, but due to the vastness of the Internet it is impossible to guarantee all objectionable material will be blocked. We believe that the benefits to students in the form of informational resources exceed the disadvantages. Ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and informational sources.

District Internet Rules

Students are responsible for good behavior on school computer networks just as they are in a classroom. Access to network services is given to students who agree to act in a considerate and responsible manner. Parent permission is required.

Access is a privilege --- not a right!

The Franklin County School District monitors activity on the Internet. Information submitted over the Internet is not private and should not be personal in nature. Students should never give out personally identifiable information.

The following are NOT permitted:

- Sending or displaying offensive messages and/or pictures.
- Harassing, insulting or attacking others.
- Violating copyright laws.
- Using or attempting to use the passwords/accounts of another person.
- Use of network for commercial, political or financial gain.
- Entering and communicating in chat rooms.
- Installing, removing or exchanging hardware and/or unauthorized software.
- Use of obscene language
- Damaging computers, computer systems and/or networks.
- Use of another's user name and/or password
- Playing games.
- Altering or attempting to alter the configuration of a computer.
- Use of any means to bypass content filtering.
- Gaining access or attempting to access unauthorized network resources and/or data .

Violations will result in a loss of access to technology, detention, suspension, and/or expulsion in compliance with the school's code of conduct and discipline codes.
